Team Evidence Worksheet

Our Original Hypothesis: The visitorship on Dover Island has gone down by 40% over the last 10 years because.....

Step 1: Go around the table and share what learned about the island through the eyes of your particular role.
Recorder take notes for the team.

Population Specialist:

Botanist:

Public Health Intern:

Bird Watcher:

Step 2: Gather around one computer and look for trends or patterns in the graphs over time.

Trends You Notice:

Step 3: Decide as a group what other evidence needs to be collected in order to support your original hypothesis.

Other Evidence:

Step 4: Does your team want to change your original hypothesis? If yes, then what is your new team hypothesis?

New Hypothesis:
